RE: SUPPORT FOR ARTWORK

This letter serves to confirm that the artwork **“Temple of Gratitude”** by **Walter Böhmer and his Team**, has been registered and endorsed for the annual arts event AfrikaBurn, held in the Tankwa Karoo at the end of April.
(www.afrikaburn.com)

AfrikaBurn is a not for profit company (reg:2007/020812/08), all surplus funds are channeled directly into our Creative Grant and Outreach programs. The event is participant created and as such the artworks and projects are gifts to the community from those making them.

All artworks and creative projects are essentially community projects, where all labour and professional fees are donated. Any help in terms of discounts or donated goods, will be going to a good cause and hugely appreciated.

Thank you
